KEYSTONE HATCHERIES, Reg. No.: IL AQUACULTURE PERMIT	YELLOW PERCH	YEARLING	5	2050	

To Be Obtained From

Supplier Name: KEYSTONE HATCHERIES

THIS PERMIT IS ISSUED SUBJECT TO THE FOLLOWING CONDITIONS:

1. This permit is effective from 04/03/2023 until 06/02/2023.
2. A Receipt of Fish for Planting, Form 3600-16, for all fish stocked in public waters is attached to this Permit. The Receipt must be completed and returned to the Fish Biologist listed on this Permit and Receipt when stocking is complete.
3. Nickel, Adam, telephone number 920-647-6571, must be notified of the time of stocking at least 3 days in advance of stocking
4. The fish being stocked under this permit must have been certified by a qualified inspector, and must meet fish health standards and requirements promulgated under Wisconsin Stats. 95.60(4s)(b) and Wisconsin Administrative Code s. ATCP Ch. 10.60.
5. A valid signed DATCP Fish Health Certificate (FHC) must accompany the stocking permit during all stocking operations.
6. To prevent or control the spread of the Viral Hemorrhagic Septicemia (VHS) virus, fish may not be moved or stocked into non-VHS infected waters from VHS infected waters, including fish farms that are directly connected to any VHS infected water. VHS infected waters are defined to be Lake Michigan, Lake Superior, Lake Winnebago System and their tributaries upstream to the first dam or barrier impassable to fish.

7. The department reserves the right to inspect all loads of fish to be stocked under this permit, including but not limited to: verify species, count, measure, weigh, assess water quality, or collect tissue samples.
8. No fish may be stocked under the authority of this permit if the fish have been transported to their final destination for stocking in any container which also contains any fish not authorized for stocking under this permit. Other fish may be transported on the same truck as long as they are in separate compartments.
