

Buffalo Lake Fish Stocking 2022

November 1, 2022

The purpose of the Fish Committee is to raise funds to purchase fish to stock Buffalo Lake.

The funds are raised by selling advertising to local businesses on our service directory.

If you would like to become an advertiser, please contact one of the committee co-chairs listed on the web site. Advertisers are updated on an annual basis.

THIS PERMIT IS ISSUED SUBJECT TO THE FOLLOWING CONDITIONS:

1. This permit is effective from 10/03/2022 until 11/20/2022.
2. A Receipt of Fish for Planting, Form 3600-16, for all fish stocked in public waters is attached to this Permit. The Receipt must be completed and returned to the Fish Biologist listed on this Permit and Receipt when stocking is complete.
3. Nickel, Adam, telephone number 920-647-6571, must be notified of the time of stocking at least 3 days in advance of stocking.
4. The fish being stocked under this permit must have been certified by a qualified inspector, and must meet fish health standards and requirements promulgated under Wisconsin Stats. 95.60(4a)(b) and Wisconsin Administrative Code s. ATCP Ch. 10.60.
5. A valid signed DATCP Fish Health Certificate (FHC) must accompany the stocking permit during all stocking operations.
6. To prevent or control the spread of the Viral Hemorrhagic Septicemia (VHS) virus, fish may not be moved or stocked into non-VHS infected waters from VHS infected waters, including fish farms that are directly connected to any VHS infected water. VHS infected waters are defined to be Lake Michigan, Lake Superior, Lake Winnebago System and their tributaries upstream to the first dam or barrier impassable to fish.
